

# Multimedia Series

# i-Media PC

Monitor sold separately.

**THE POWER TO CREATE, ENTERTAIN & SHARE ... Entertain your family & Friends with Movies, Videos and Music. Experience 3D Gaming & the world of Digital Media.**

The iMedia-PC is a convergence of a powerful desktop PC with the capabilities to perform as a Home Theatre PC.

The new Intel Z68 "Sandybridge" Chipset design brings to you new video possibilities for integrating Large Screen displays as well as desktop monitors. With the Virtu Multi-GPU Virtualization software enabled, enjoy the media processing power of Intel's Sandy Bridge HD Graphics combined with the 3D gaming power of the Radeon HD6750 3D Graphics card.

This PC also boasts 8GB of fast dual-channel DDR3 memory (exp to 16G) and the Quad-core Power of the Intel® Core i5 and i7 CPU's.

The iMedia-PC is loaded with all the latest computer connectivity, USB 2.0 & 3.0, SATA 6G, and Digital Audio. Onboard Bluetooth wireless design enables smart connectivity to Bluetooth devices with no additional adapter. BT devices are accessible through the exclusive, user-friendly ASUS interface.

The Solid State Boot drive provides lightning fast Windows performance and is coupled with a massive 1.5TB storage drive. The included BluRay Player will play all your favorite HD movies as well as standard DVD and CD's.

The iMedia-PC provides both excellent cinematic & gaming graphics and fierce 64-bit computing power... just add your imagination!
