

iMini

Multimedia Series

System is not exactly as shown.

The iMini PC has the newest & fastest dual-core desktop processors from Intel with two physical cores and processing of 4 simultaneous threads which through the "miracle" of Hyperthreading operates a dual core CPU as if it has four cpu's. All this power is designed into a compact Chassis to provide a mini multimedia powerhouse.

The iMini i7 PC is designed to be a compact version of Intel's newest i3, and i5 platform including CPU's that supports Intel® Turbo Boost Technology. Coupled with ATI's newest Graphics processor, it provides unbelievable computational performance and amazing HD 3D graphics.

Four Gigabytes of dual channel DDR3 1333MHz memory is expandable to 16GB using Dual Channel memory. The Intel P55 chipset microATX Mainboard provides high end features such as Gigabit LAN, up to 12 usb ports, Firewire, High Definition Audio, and a PCI-E 16X slot . Housed in a cool and quiet microATX Coolermaster Case and powered by a high quality 500W power supply the iMini will be a small but higher performance multimedia computer to use everyday for work or gaming or as the centre of a TV entertainment system.

Pre-engineered System Specifications:

- Processor: Intel® Core i3, i5, or i7 Core CPU
- Mainboard: **Asus or Gigabyte**
- Memory: **4GB DDR3 1333MHz Dual-Chl**
- Hard Disk: **1TB 32M 7200rpm SATA 3G**
- Optical Drive 1: **22X DVDRW SATA**
- Video Graphics: **Radeon HD5570 (1G PCI-E Graphics)**
- Sound Card: High Definition Audio
- Keyboard: Windows Keyboard
- Mouse: Optical Mouse
- Speakers: (Optional)
- Network: **10/100/1000 Network Interface (on board)**
- Enclosure: Coolermaster mATX Chassis
- Pwr Supply: 500W Power
- Operating Sys: **Microsoft Windows 7 Home Premium 64bit**
- Warranty: 1 Yr Parts & Labor System Warranty

System Price:

Core i3 530 \$ 799

Core i3 540 \$ 819

Core i5 750 \$ 889
