

Multimedia Series

# iNSPIRE

System is not exactly as shown.

**Our new iNSPIRE Multimedia PC with an Intel® Core i7 Quad Core processor is Intel's newest generation of desktop processors. Utilizing 4 hyper-threaded processors, The i7 provides an unequalled multimedia computer experience.**

Imagine being able to simultaneously play your favorite music, do word-processing and download a video while running your security software and your instant messenger software in the background and still have the power to do more!!

The iNSPIRE i7 PC is designed to be an affordable version of Intel's highest performance platform. With the i7 Processor, up to eight computation units are ready to process a multitude of tasks simultaneously meaning that you can do more at once without any noticeable lag in performance.

Six Gigabytes of triple channel DDR3 1333MHz memory coupled with an integrated memory controller means amazing memory speed. High Performance Graphics capable of playing high definition content, photo editing, or your favorite 3D games are produced by the Direct X11 Radeon HD5770 video card. Windows 7 64 bit edition ensures all 6G of memory are used with further expansion capabilities to 12GB.

The ASUS Mainboard provides Gigabit LAN, up to 12 usb ports, Firewire, eSata, High Definition Audio with digital output, and ATI Crossfire support. Housed in a cool and quiet running Coolermaster Case with a stylish colour trimmed chassis with clear side panel, blue Led side fan, and powered by a high quality 600W power supply. The iNSPIRE is a state-of-the-art high performance multimedia computer to satisfy the needs of today's diverse families.

- Pre-engineered System Specifications:*
- Processor: Intel® Core i7 Quad Core CPU
  - Mainboard: **ASUS P6T SE**
  - Memory: **6GB DDR3 1333MHz Tri-Chl**
  - Hard Disk: **1TB 32M 7200rpm SATA 3G**
  - Optical Drive 1: **22X DVDRW SATA**
  - Video Graphics: **Radeon HD5770 (1GB PCI-E Graphics)**
  - Sound Card: 7.1 High Definition Audio
  - Keyboard: Microsoft Keyboard
  - Mouse: Microsoft Mouse
  - Speakers: ( Optional )
  - Network: **10/100/1000 Network Interface (on board)**
  - Enclosure: Coolermaster Chassis
  - Pwr Supply: 600W PCI-E Power
  - Operating Sys: **Microsoft Windows 7 Home Premium 64**

Back Panel I/O Ports

**System Price:**

- Core i7 920 \$ 1179**
- Core i7 930 \$ 1229**
- Core i7 960 \$ 1539**  
(call to verify availability of 960)
